High Density

Fire Resistance

Easy Assembling

*Flawless surfaces,
modern look...*

Our goal is to meet the needs and demands of our customers by putting more than the success we have always achieved. In this journey we embarked on from Turkey to the world with our experienced staff, we make living spaces look modern with our original designs. We continue our investments and R&D studies without interruption for our designs that we lead the sector. We are working like the first day to achieve a modern look in living spaces with the floor moldings and wall panels we produce.

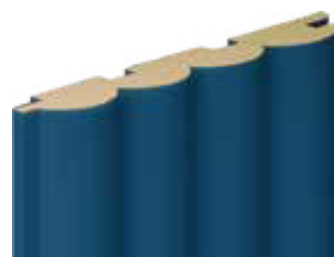

A unique look...

RIGEL

A unique look...

It is an important point for everyone to be able to provide comfort in every aspect of living spaces. One of the works carried out to create a comfortable space is wall panels. The way everyone designs their environment varies. Sometimes we just want a stylish look, and sometimes we want to complete our decoration by adding a warm atmosphere. Considering these requests, we make it easy to add a warm atmosphere to the spaces
